

**SAVE THE DATE**  
**10 April 2019**

**COOPERATION BETWEEN TEXTILES, DEFENCE AND SECURITY**

## **ALLIANCE Project**

### **B2B Event**

**SIIT - Distretto Tecnologico Ligure sui Sistemi Intelligenti Integrati**

**Via Greto di Cornigliano 6r 16152 – Genova**

**ALLIANCE** - Alliance for International Business Development of Advanced Materials and CoNnectivity for DefenCe and SEcurity Markets, a project funded under the **COSME** programme for European strategic cluster partnerships, aims to mobilize cluster partners, their SMEs, large companies and other key regional innovation actors to ensure development of **dual use technologies** in the **defense** and **advanced materials** sectors, to define common strategies on these issues to non-EU countries.

The event, attended by a **delegation of Leonardo** Spa, will be an opportunity to present to participants the objectives of future project missions in **USA, South Korea** and **Japan** aimed at collecting **commercial contacts** based on the industrial needs that will emerge during the meeting.
