Learn about the smart mobility & vehicle ecosystem of Region SUD

SCS Market Days

SCS Markets Days are conferences gathering players of strategic markets for SCS members, with the aim to present their main trends and needs for digital technologies.

For the 2023 edition of the Smart Mobility Market Day, SCS will focus on decarbonation and invite players at the heart of the mobility & automotive market to present their challenges towards clean mobility and their needs for technologies.

Agenda

The agenda is being built.

Morning: Smart Mobility Conferences (in English)

Afternoon: B2B meetings

Discover the last edition: [HERE](#)

2022 conference agenda & speakers: [HERE](#)

**You are a player of the mobility/automotive industry?
You would like to share your expertise on market trends and your digitalisation challenges as a speaker?**

→ **Contact Felicitas Behr**
felicitas.behr@e-mobilbw.de
